Dear Parents/Carers,

19th September 2017

2 Simple Parent Share

We've added a new way to stay up-to-date with what your child is doing in school. We use an app called 2 Simple that helps us to record observations of your child's learning in school. We keep these as an evidence base in your child's school journal. 2Simple have added a Parent Share system which allows us to send you observations with photographs via an email address, showing you what your child has been learning. These will be sent out at the end of each term. You can also send us your comments and feedback by simply replying to the emails. This will help our staff to support your child even more effectively in the classroom.

As there are photos attached to the observations, we need your permission for your child's photograph to be sent out. As observations can be done as a group, there may be other children in the photographs or your child may be involved in somebody else's observation.

If you want to opt out of this and **do not wish** for your child's photograph to be included in observations that get sent out as part of Parent Share, then please indicate this on the form below.

Participation is optional, but we really recommend getting involved. If you have any questions or need any additional information, please contact the class teacher. If you need any help with setting up an e-mail address, we'd be happy to help! We look forward to supporting you and your child and are always striving to provide the highest standard of education possible.

Yours Sincerely,
Mrs Delap and Miss Richardson

2 Simple Parent Share

Child's name:..... E-mail address:.....

I do/do not wish for my child to be included in photographs that are sent out as part of Parent Share.
