Dear Parents/Carers,

13th October 2017

Reading at home

We are trialling a new way for you to read with your child at home this year. Children are now able to access their reading book online on a laptop/computer or iPad/tablet. The website is www.activelearnprimary.co.uk/. Once you are on the website, you can login using the username and password you have been given. Attached to this letter is a handout which explains exactly how to use the website and where to find the reading book. Each week your teacher will check online to see if your book has been read and then assign you a new book.

This is a new way of reading at home so we would really appreciate everyone accessing their book and having a go! If you do not have access to the internet at home, please let us know and we can arrange to send home a reading book.

As this is the first time we have tried this, we would really appreciate any positive or negative feedback you have returned on the slip below. We are hoping this engages the children with their reading book and makes them more excited about reading!

Yours Sincerely,
Mrs Delap and Miss Richardson
