3. Barriers to future attainment (for pupils eligible for PP)				
In-school barriers (<i>issues to be addressed in school, such as poor oral language skills</i>)				
A.	Children enter Nursery working below ARE in speaking and listening. Although they make good progress, children entitled to pupil premium in Reception (exit 2017) performed less well than other children in achieving their early learning goals for reading, writing and number.			
B.	Children entitled to pupil premium performed less well than other children when exiting Year 6 in the EXS for reading (exit 2017). Analysis shows this was primarily due to issues answering retrieval questions because the children struggled to understand the higher level vocabulary and complex language used in the texts.			
C.	Observations and teacher feedback indicates children with a high emotional and social need have reduced resilience and ability to persevere. This impacts on attainment and progress and is reflected in outcomes for children.			
External barriers (<i>issues which also require action outside school, such as low attendance rates</i>)				
D.	49% of pupils with attendance issues are entitled to PP. This reduces their school hours and causes them to fall behind on average.			

4. Desired outcomes <i>(Desired outcomes and how they will be measured)</i>		Success criteria
A.	Children entitled to pupil premium in EYFS (exit 2018) make good or better progress and perform as well as other children in achieving their early learning goals for speaking, listening, reading, writing and number.	<p>Children eligible for PP in Nursery make good progress in speaking, listening, reading, writing and number achieving ARE, achieving similarly to non PP children.</p> <p>Children eligible for PP in Reception make good or better progress in speaking, listening, reading, writing and number, with a similar number of children achieving their ELGs as those not entitled to PP.</p>
B.	Children entitled to pupil premium make good or better progress and perform as well as other children when exiting Year 6 in the EXS for reading and writing (exit 2018).	<p>Children eligible for PP increase their understanding of higher level vocabulary and complex language evidenced in comprehension question responses and quality of language used in extended writing.</p> <p>Children eligible for PP in all year groups make good or better progress in reading and writing achieving similarly to non PP children.</p> <p>A similar number of children eligible for PP and not eligible for PP in all year groups achieve ARE in reading and writing.</p>
C.	Observations and teacher feedback will indicate children with a high emotional and social need have improved resilience and ability to persevere. This will impact on attainment and progress and reflected in improved outcomes for children.	<p>Children complete the nurture programmes 'fun friends' in EYFS and KS1 and 'friends for life' in KS2. Children eligible for PP complete an intensive nurture group for 12 weeks.</p> <p>Observations and teacher feedback will record children's improved resilience and perseverance in lessons.</p> <p>Children eligible for PP in all year groups make good or better progress in reading, writing and maths achieving similarly to non PP children.</p> <p>A similar number of children eligible for PP and not eligible for PP in all year groups achieve ARE in reading, writing and maths.</p>

D.	Improved attendance rates for all children eligible for PP.	Reduce the number of persistent absentees among pupils eligible for PP. Overall PP attendance improves to 96%.

5. Planned expenditure					
Academic year		2017-2018			
The three headings below enable schools to demonstrate how they are using the Pupil Premium to improve classroom pedagogy, provide targeted support and support whole school strategies					
i. Quality of teaching for all					
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
Children entitled to pupil premium in EYFS (exit 2018) make good or better progress and perform as well as other children in achieving their early learning goals for speaking, listening, reading, writing and number.	Additional EYFS teacher, additional Year 1 teacher transition day and increased TA support within school to ensure good or better pupil progress and attainment.	We want to invest some of the PP in longer term change which will help all pupils. Increased targeted staffing is an effective way to improve attainment and progress, and it is suitable as an approach that we can embed across the school.	Trust and whole school monitoring of assessment information and data analysis, through the robust and rigorous moderation systems will clearly indicate the impact of this approach.	DHT	Weekly scrutiny feedback. Termly moderation as part of trust assessment cycle.
Children entitled to pupil premium make good or better progress and perform as well as other children when exiting Year 6 in the EXS for reading and writing (exit 2018).	Additional Y6 teacher, teacher transition day and increased TA support within school to ensure good or better pupil progress and attainment. Additional reading resources with higher level vocabulary and complex language. Reading gladiators programme for more able readers and reading intervention resources for Less able readers.	Access to improved reading resources with higher level vocabulary and more complex language will additionally improve comprehension retrieval and inference skills.	SLT and Literacy leader will implement a focused SIP and action plan that targets the resources in the most effective way.	HT / DHT / Literacy leader	Half termly within curriculum learning walks. Termly trust assessment cycle.
Total budgeted cost:					EYFS teacher £23000 Y6 teacher £24500 Year 1 teacher transition day £3978 Increased TA staffing £71,937.50 Reading resources £7100 <u>£130,515.50</u>

ii. Targeted support					
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
Children entitled to pupil premium in EYFS (exit 2018) make good or better progress and perform as well as other children in achieving their early learning goals for speaking, listening, reading, writing and number.	Daily and weekly intervention programmes devised as a result of high quality data analysis.	Some children need targeted support to catch up. Intervention programmes have clearly evidenced impact when based on high quality data analysis.	Monitor timetables to ensure staff delivering provision have sufficient preparation and delivery time. Cross trust and in school moderation of intervention programmes for demonstrable impact.	DHT / MLT	Weekly scrutiny feedback. Termly review of impact of intervention as part of trust assessment cycle.
Children entitled to pupil premium make good or better progress and perform as well as other children when exiting Year 6 in the EXS for reading and writing (exit 2018).	Computer licencing and staffing for Sam learning programme in year 6.	Based on previous use this programme highly engages Year 6 children. The CAMHS intervention programmes have evidence based research from Australia and in the UK demonstrating clear impact on resilience. This is a programme which has been independently evaluated and shown to be effective in other schools.	Senior leader is in year 6 and will ensure children access the programme correctly.	DHT / AHT	Half termly review of impact by year 6 teachers as part of pupil progress meetings.
Observations and teacher feedback will indicate children with a high emotional and social need have improved resilience and ability to persevere. This will impact on attainment and progress and reflected in improved outcomes for children.	Children complete the nurture programmes 'fun friends' in EYFS and KS1 and 'friends for life' in KS2. Children eligible for PP complete an intensive nurture group for 12 weeks.		Ensure specific training and updated CPD is accessed from CAMHS and disseminated effectively in school.	DHT	Termly review of whole school nurture programme in staff meeting CPD time. 6 weekly review of nurture group programme in staff meeting CPD time.
Total budgeted cost:					Increased TA staffing and training. £71,937.50 Sam learning computer licencing and staffing (for PP children) £2347 <u>Total £74,284.50</u>

<p>Children entitled to pupil premium in EYFS (exit 2018) make good or better progress and perform as well as other children in achieving their early learning goals for speaking and listening.</p> <p>Children entitled to pupil premium make good or better progress and perform as well as other children when exiting Year 6 in the EXS for reading and writing (exit 2018).</p>	<p>Increased subsidised experiences in and out of school within school time.</p> <p>Subsidised transport to and from these experiences.</p> <p>Music tuition to be subsidised to PP children across school.</p>	<p>Funding for PP pupils across school to access educational visits and to book visiting professionals into school further increased in all year groups. This supported all pupil premium children in each year group.</p> <p>The impact could be seen in extended writing and topic displays.</p> <p>This was completed where PP children demonstrated an interest in having music tuition.</p>	<p>This will continue as an approach to widen the experiences of our disadvantaged children. These will be linked to the refined half term curriculum plans year groups are now working with.</p> <p>PP children will continue to be targeted for music opportunities</p>	<p>Subsidised transport (for PP children) £3675</p> <p>Subsidised experiences(for PP children) £3675</p> <p>Music tuition £5000</p> <p>Attendance SLA (for PP children) £1470</p> <p>Rewards £2000</p> <p><u>Total £15,820</u></p>
<p>Increased attendance rates for all children eligible for PP.</p>	<p>Employ our own attendance officer in conjunction with our cluster schools.</p> <p>Specific motivational rewards linked to attendance.</p>	<p>Attendance officer continued to target PP children with low attendance and those on the verge of being persistently absent for meetings with parents. This however had little impact on the attendance figures with the percentage of PP children with attendance issues remaining the same.</p>	<p>Attendance for PP children continues to be a challenge. Further targeted intervention will be required next year through the employment of a specific school based attendance officer.</p>
