Remote learning on Showbie

Dear parent / carer

As you are aware all our remote learning for children isolating at home alongside providing homework for every child has now moved to the online platform Showbie. Your child will have brought home log in details to access their account.

The children are excited to use this way of learning at home, as it can be accessed using any device such as a phone, tablet or laptop, removing the need for almost everyone to require paper copies.

Please remember the following to manage this online working.

- Homework will be marked weekly.
- If your child is at home isolating and their class is in school, work will be responded to by the teacher between 3.30pm – 5pm each day.
- If your child's class is at home isolating their work will be uploaded by 10am each day and teachers will be available between 9am and 4pm to respond to any queries or work returned.
- Teachers will only respond to work related queries using Showbie. Any other questions or concerns can be responded to by contacting the school office in the usual way.
- Please ensure your child is sending appropriate questions about their learning to their class teacher.

Thank you for your support with this exiting new way of working, we will be asking for feedback from you and your child in the new year.

Kind regards

S Matthews

Mrs Matthews
Deputy head teacher
